

WELCOME TO THE SURGICAL PAVILION

You are here today to complete your pre-admission visit for your upcoming surgery. This is what you can expect during your visit with us today:

- Your surgeon's office has made a pre-admission appointment for you on _____. If you have any questions about your appointment, please give us a call at 352-333-4555.

Please bring to your pre-admission appointment:

- Insurance card
 - Photo ID
 - Doctor's orders (if the doctor's office has given them to you.)
 - Pink Home Medication List with you for your appointment so that the nurse can review with you the names and dosages of the medications you take at home.
 - Yellow Anesthesia Questionnaire form (for adults) **OR** Salmon Anesthesia Questionnaire form (for children)
To review with the pre-admission nurse.
1. After you have signed in and completed all paperwork, you will be called by the first available registrar. Please keep all paperwork with you until called to the desk.
 2. Your time with the registrar will take 15-20 minutes. At this time, we will complete all insurance and financial information. When this portion of your visit is complete, you will be seen by one of our pre-admission nurses.
 3. The first available pre-admission nurse will come to the lobby to take you to our pre-admission area. During this portion of your visit, the nurse will complete all diagnostic testing that has been ordered by your physician (lab work, EKG). Pre-operative instructions will be reviewed and any questions that you may have will be answered at this time. Your time with the nurse may take 20-30 minutes. There is no need to fast for this appointment.
